Since the law requires district municipalities collect and transport wastes,
Disturbances may occur in transport optimization in lack of coordination.
Need for legal regulations, lack of personnel, risk of rapid corrosion of vehicles used, insufficient financial resources, unexpected immigration waves
In case of sudden problems, financial resources may be insufficient and inability to go beyond certain boundaries in outsourced jobs.
Relevant Ministries, District municipalities, grant institutions;
- Through our own department or relevant departments via public authorities
5
Status of legal regulations, selection of appropriate disposal system, Increased number of environmental grant programs, consideration of refugee guests due to conflicts in Middle East when portioning province bank incomes.
