### Municipal experts wanted: Dialogue event on Covid-19 and urban mobility

Deadline for application extended to 9th June 2021. Impacts of the pandemic and prospects for a post-pandemic future

Connective Cities is organising a three-day dialogue event in collaboration with the City of Wiesbaden, Germany, and UN-Habitat on 19th, 20th and 22nd July 2021. The online sessions are scheduled for 3.5 hours (including breaks), from 13:00 to 16:30 CEST.

The event is aimed at municipal actors from Germany and other countries (municipal administrations, municipal enterprises, civil society, business and academia) who are working on the impacts of Covid-19 on urban mobility and looking for innovative solutions for a post-pandemic future. The highly interactive event gives municipal practitioners involved in urban planning or municipal transport the opportunity to discuss projects and ideas, which are currently being implemented or planned in their municipality.

**Thematic focus:**

- **Sustainable urban logistics:** Impulses for green logistics solutions during and after the pandemic;
- **Cycling/bicycle traffic:** Reassessing urban space and the role of cycling for urban mobility;
- **Local public transport:** Rethinking financing models and regaining passengers' trust.

*If your city is currently working on or wishes to work on different aspects of urban mobility and Covid-19 and you would like to actively participate in the event, please do not hesitate to contact us!*

**Objectives of the three-day event:**

- Day 1: To share and discuss examples and good practices from German and international municipalities;
- Day 2: To exchange ideas for solutions through peer-to-peer consultation on identified challenges;
- Day 3: To jointly develop project ideas for further cooperation in response to these challenges.

The working language of the event is **English**. Translation into other languages may be provided on demand. Participation is free of charge and the deadline for application is **9th June, 2021**. **For more information on the event please read the full "Call for Participants"** [pdf, 440 kb, 4 pp.].
